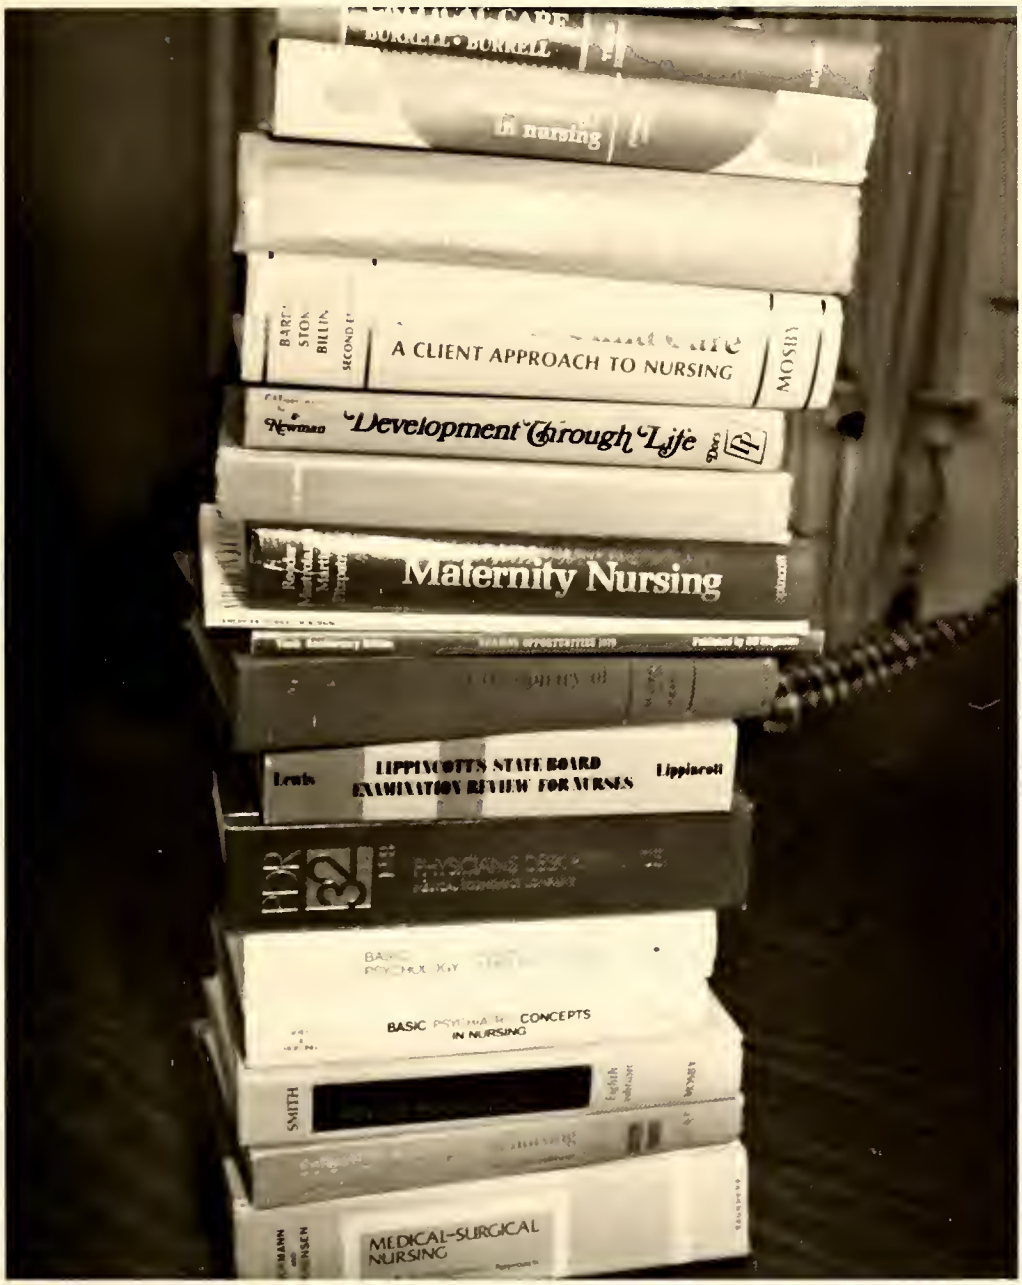
CAP N' PIN
Cabarrus Memorial Hospital
School of Nursing



Concord, North Carolina

Dedication

To one who never stopped, taking each day minute by minute, stopping always to smile, always reaching a hand, never closing her door, setting our goals high, but never once doubting one success, lifting spirits to each she touched through her priceless personality. With sincere interest and guidance she led each to fulfill dreams of tomorrow. We the Class of 1979 dedicate our annual to our educator, counselor, and most of all our friend, Mrs. Patricia Moore.

Thank you, for now the dreams of yesterday are now the reality of tomorrow, and the future to come.

The Adventures Of Supernurse

Able to lift bedpans with a single hand, answering call lights at a seconds notice, ushering shots with the greatest of ease and prepared to face the danger of the unexpected . . . it's a nun, it's an angel, no—it's SUPERNURSE!

Mild-mannered housewife fulfilling her position at the local hospital, Supernurse didn't always wear the faithful white uniform not to mention the shoes and cap. Once she was a student at Cabarrus studying with pride and dedication to become one of the chosen few for the title of RN. Acquiring this title became a tight struggle to over-ride the impossible possibilities of just giving up and forgetting the whole thing. She spent sleepless nights tracing blood through the liver while her own blood boiled inside her veins with the burning desire to become an example for other nursing students to follow. Supernurse can be found at the local hospital in her home town wandering the halls with gauge in hand, alert for almost anything.

NO
SMOKING

When I accepted the responsibility of editor of the 1979 CAP N' PIN, I never expected to have so much to do in so little time. I would like to give recognition to those who worked so diligently and devoted their free time.

A special thanks to:

—Denise, Suzanna, Kassie, and Connie, who worked so hard on the layouts trying to meet a last minute deadline.
—Bobbie, for all of the copy work, which made the book special for the whole student body.
—Glenda and Vicki, for running around the hospital and asking the doctors, "Please let us take your picture."
—Louise, who without her "We need money!", the annual would never have made it.
—Keith Cline, a most appreciated person, who helped us make our hopes a reality, by offering endless hours of advice in doing layouts and cropping pictures.
—Roger Craft, who stood by me through thick and thin, never letting me down when I asked him to "Draw it, just one more time—his special touch with artwork gave the book that extra glitter.
—Mrs. Radcliffe and Mrs. Withers, our advisors—who always lent a strong shoulder when I needed it most.
—the rest of the staff, who gave me their hard work and support which made the annual what it is.

I'll always remember this year as being one of the most rewarding times of my nursing school days. Thanks again for everyone's hard work and all of the special effort that was put into the 1979 CAP N' PIN which made it a great success.
